

**DECLARATION AND POWER OF ATTORNEY**

As below named inventors, WE HEREBY DECLARE:

THAT our residence, post office address, and citizenship are as stated below next to our names;

THAT we believe we are the original, first, and joint inventors of the subject matter which is claimed and for which a patent is sought on the invention entitled

**A NOVEL CONOTOXIN MODULATING SODIUM CHANNELS**

(Attorney Docket No. 056859-0218)

the specification of which (check one)

is attached hereto.

was filed on 03/23/2006 as United States Application Number or PCT International Application Number PCT/IB2004/003092 and was amended on (if applicable).

THAT we do not know and do not believe that the same invention was ever known or used by others in the United States of America, or was patented or described in any printed publication in any country, before we invented it;

THAT we do not know and do not believe that the same invention was patented or described in any printed publication in any country, or in public use or on sale in the United States of America, for more than one year prior to the filing date of this United States application;

THAT we do not know and do not believe that the same invention was first patented or made the subject of an inventor's certificate that issued in any country foreign to the United States of America before the filing date of this United States application if the foreign application was filed by us, or by our legal representatives or assigns, more than twelve months (six months for design patents) prior to the filing date of this United States application;

THAT we have reviewed and understand the contents of the above-identified specification, including the claim(s), as amended by any amendment specifically referred to above;

THAT we believe that the above-identified specification contains a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the invention, and sets forth the best mode contemplated by us of carrying out the invention; and

THAT we acknowledge the duty to disclose to the U.S. Patent and Trademark Office all information known to us to be material to patentability as defined in Title 37, Code of Federal Regulations, §1.56.

We HEREBY CLAIM foreign priority benefits under Title 35, United States Code §119(a)-(d) or § 365(b) of any foreign application(s) for patent or inventor's certificate, or §365(a) of any PCT international application which designated at least one country other than the United States of America, listed below and have also identified below any foreign application for patent or inventor's certificate or of any PCT international application having a filing date before that of the application on which priority is claimed.
